

**1. Identification of the substance/preparation and of the company/undertaking**

- **Trade Name:** Aquasparkle Tablets
- **Other names** Aluminium Sulphate
- **Intended use of chemical** Coagulant for water treatment
- **Manufacturer/Supplier** Complete Pool Controls Ltd  
Unit 2, The Park  
Stoke Orchard  
Bishops Cleeve  
Gloucestershire  
GL52 7RS  
  
Tel: +44 (0) 8712 229081  
Fax: +44 (0) 8712 229083
- **Contact E-mail for advice** E-mail: [sales@cpc-chemicals.co.uk](mailto:sales@cpc-chemicals.co.uk)
- **Emergency Telephone** Tel: +44 (0) 8712 229081 (office hours)

**2. Hazard Identification**

- **Hazard description**  
 Xi: Irritant
- **Hazard information concerning particular hazards for human and the environment**  
  
R36/37/38 Irritating to eyes, respiratory systems and skin.

**3. Composition/information on ingredients**

- **Chemical characterization:**
- **CAS No. Description** 10043 - 01 - 3 Aluminium Sulphate
- **EC Number:** 233 - 135 - 0
- **Wt%:** 47 - 57

**4. First Aid measures**

- **After inhalation:** Not normally applicable but as a precaution remove to fresh air and keep patient warm.
- **After skin contact:** Immediately remove contaminated clothing and wash affected area thoroughly with soap and water. Seek medical attention if skin appears damaged
- **After eye contact:** Wash out eye with plenty of water for at least 15 minutes and seek medical attention
- **After Ingestion:** Rinse mouth out thoroughly with water, give plenty of water to drink and obtain medical attention immediately

|                    |                            |
|--------------------|----------------------------|
| <b>Trade Name:</b> | <b>AquaSParkle Tablets</b> |
|--------------------|----------------------------|

### 5. Fire fighting measures

- **Special extinguishing media:** Water spray, carbon dioxide
- **Special exposure hazards in fire:** Emits toxic fumes under fire conditions.
- **Special protective equipment:** Wear self-contained breathing apparatus and protective clothing to prevent contact with skin and eyes.
- **Thermal decomposition** (>600°C) may liberate SO<sub>x</sub> fumes.

### 6. Accidental release Measures

- **Personal Protection** Use appropriate personal protective equipment as detailed in section 8.
- **Environmental Protection** Do not let product enter drains, contain the material and sweep up.
- **Methods for cleaning:** Damp down slightly then vacuum or shovel up into labelled containers for disposal. Dispose of in accordance with appropriate local regulations.

### 7. Handling and storage

- **Personal Protection** Avoid contact with skin and eyes. Treat as weak acid and use in accordance with good occupational hygiene practices.
- **Storage** Keep product in supplied container when not in use and replace lid after use to prevent absorption of moisture. Store in cool dry conditions

### 8. Exposure control/personal protection

- **Exposure control limits and source:**

|                          | <b>8 hr TWA</b> |                   |
|--------------------------|-----------------|-------------------|
|                          | ppm             | mg/m <sup>3</sup> |
| Aluminium salts, soluble |                 | 2                 |
- **Respiratory Protection** Avoid formation of dusts. Use respiratory protection for general dust inhalation
- **Hand Protection** Wear suitable chemical resistant gloves
- **Eye Protection** Safety goggles or glasses with side shields. Have equipment for eye rinsing available
- **Skin Protection** Wear appropriate chemical apron to prevent skin contact

|                    |                            |
|--------------------|----------------------------|
| <b>Trade Name:</b> | <b>AquaSParkle Tablets</b> |
|--------------------|----------------------------|

### 9. Physical and chemical properties

- |                                   |                       |
|-----------------------------------|-----------------------|
| • <b>Appearance at 20°C</b>       | White Solid           |
| • <b>Odour</b>                    | None                  |
| • <b>Specific gravity at 20oC</b> | 1.69g/cm <sup>3</sup> |
| • <b>pH (conc)</b>                | 1.9 - 2.4             |
| • <b>Melting Point</b>            | Decomposes @ 770°C    |
| • <b>Solubility in water</b>      | Very soluble in water |

### 10. Stability and reactivity

- |   |   |
|---|---|
| • <b>Conditions to avoid</b>              | Exposure to moist air or water.   |
| • <b>Materials to avoid</b>               | Strong alkalis, Chlorites, Hypochlorites, Sulphates, Oxidising agents, Cyanides and most metal surface e.g. Galvanised metal, Aluminium. Copper, Zinc and their alloys. |
| • <b>Hazardous decomposition products</b> | Aluminium oxide, sulphur oxides   |

### 11. Toxicological Information

- |                     |   |
|---------------------|---|
| • <b>Inhalation</b> | Material is irritating to mucous membranes and upper respiratory tract. |
| • <b>Ingestion</b>  | Gastric irritation, nausea, vomiting if large doses swallowed           |
| • <b>Skin</b>       | Causes skin irritation and soreness                                     |
| • <b>Eyes</b>       | Causes severe eye irritation.   |
| • <b>Toxicity</b>   | Oral LD50, rat: > 5000 mg/kg<br>Intraperitoneal LD50, mouse: 6207 mg/kg |

### 12. Ecological Information

- |   |   |
|---|---|
| • <b>Mobility</b>                       | Soluble in water  |
| • <b>Persistence and degradability:</b> | On contact with water, product will hydrolyse to produce Sulphuric Acid and Aluminium Hydroxide. Expected to be harmful to the aquatic environment. |

**Trade Name:** AquaSParkle Tablets

### 13. Disposal Considerations

- **Substance** Unused material should be considered hazardous waste. Dilute with water, neutralise with lime. Dispose of via an authorised waste disposal contractor to an approved waste disposal site, observing all local and national regulations.
- **Container** Unused material should be considered hazardous waste. Dilute with water, neutralise with lime. Dispose of via an authorised waste disposal contractor to an approved waste disposal site, observing all local and national regulations.

### 14. Transport Information

- **Classification** Not regulated

### 15. Regulatory information

- **Product Name** Aluminium Sulphate
- **Symbol** Xi 
- **Indications of danger** Irritant
- **Risk phrases** R36/37/38 Irritating to eyes, respiratory system and skin.
- **Safety phrases**
  - S1/2 Keep locked up and out of reach of children.
  - S26 In case of contact with eyes, rinse immediately with plenty of water and seek medical advice.
  - S28 After contact with skin, wash immediately with plenty of water.
  - S37/39 Wear suitable gloves and eye/face protection.
- **EC No** 233 - 135 - 0
- **Legislation** This safety sheet is provided in compliance with the REACH Regulation (EC) No 1907/2006 and classification is per The Chemicals (Hazard Information and Packaging for Supply) Regulations 2009 that is applicable until 1st December 2010
